COMMUNICATIONS FROM CITY OFFICERS

Received the following,

Police Department
City of Somerville
Massachusetts

Communi-
cation-

100210

January 11, 1961

Honorable Board of Aldermen
City Hall
Somerville, Massachusetts

Gentlemen:

Pursuant to an order passed by the Board of Aldermen on December 22, 1960 and entitled "That the Commissioner of Public Works, the Somerville Traffic Commission, the Chief of Police and the Chief of the Fire Department conduct a survey as to the residence of owners of cars parked on Bus and Car Lines and Streets adjacent thereto, and recommend alleviating measures," a survey was conducted by this department. Sergeant Charles P. Meehan was assigned to conduct this survey.

The greater concentration of cars was found in the Clarendon Hill area, Powder House Square area, the Winter Hill area between Marshall Street and Walnut Street, Lower Broadway, Davis Square area and the Union Square area.

It was found that the greatest amount of cars parked in the areas which were surveyed were owned by merchants doing business at these locations and their employees. A great number of these cars also were owned by employees of industrial or manufacturing plants in these sections. A great number of these car owners live in the Greater Boston area and travel daily from their homes to Somerville, where they are employed,

The following suggestions and recommendations are offered to your Honorable Board:

(1) An effort should be made to interest the owners of manufacturing plants who have a great number of employees, to provide private parking lots & atrvl.p.a to their workers.

(2) Consideration should be given to the advisability of installing parking meters in these areas to limit the use of the parking spaces.

(3) If metered off-street municipal parking lots could be located in some of these areas it would be the ideal solution to the problem,

(ij.) If ordinances were passed to limit parking to one hour in the sections which do not have parking meters,, It would discourage all-day parking in some of these sections,

Very truly yours,

(Chief of Police) Thomas J. O'Brien

April 25, 1961

Hon. William J, Joyce, President
Somerville Board of Aldermen
City Hall, Somerville, Mass.

Dear President Joyce:

It was with regret that the members of the School Committee learned of the cut which had been made in the budget of the School Committee in the School Contingent, Ordinary Maintenance account in the amount of V2000, which was requested for Furniture and Supplies,

It is the feeling of the members of the Committee that there is a specific need for such an amount of money, which would be expended for the purchase of certain movable equipment, which is not attached to the building, such as movable furniture and filing cabinets.

It is also the feeling of the Committee that the elimination of this sum from the budget is in violation of Chapter 71, Section 3J, of the General Laws of the Commonwealth of Massachusetts*

May I, therefore, respectfully request that you ask the Board of Aldermen to restore this amount to the budget of the School Committee, so that the immediate needs of the various schools may be met. In support of this request of the Committee, I enclose a copy of an opinion which has been rendered by Professor William O'Keefe, whose legal counsel has been sought on this and other matters on many occasions.

Respectfully yours,

COMMUNICATION FROM HIS HONOR THE MAYOR

Received the following,

Executive Department
Somerville, Massachusetts

100921

May 9, 1961

The Honorable, the Board of Aldermen
City of Somerville,
Massachusetts

Gentlemen:

I have called you into an emergency meeting of your Honorable Board to take action on my previous communications, one of which was sent to you on April 12 and the other sent to you on May 5, regarding authorizing the City Treasurer to increase his borrowing capacity in anticipation of the setting of the tax rate and the collection of 1961 taxes.

The situation is a critical one, and, although it is no indication that the City is in any way unable to meet its obligation, it merely points out that additional burdens and payments by the City Treasurer make it necessary to borrow additional money.

Last year your Honorable Board authorized a borrowing total of \$5,000,000. The City borrowed \$5,200,000. This year the City was authorized to borrow \$5,000,000. The City Treasurer informs me that by May 15, he will have and must pay commitments of \$1,000,000 and will have only about \$800,000 to meet these obligations. Before arrangements can be started with the banks, there must be an approval of your Honorable Board and then there must be time for the attorneys to make sure all the laws are complied with and certified by the attorneys to the bank before any money can be made available.

I feel keenly that I have exhausted [^] my efforts to avert an unnecessary financial crisis and as a last resort have called you into this emergency meeting, as after tonight, time will have run out,

Let us all throw aside personal feelings and approve either one of the two requested authorizations for the common good so that there will be no unfortunate delays resulting to those who look forward to receiving their small checks each time it is due. I know that your Honorable Board has always risen to the occasion in the past and regardless of personalities will consider all the persons who might be injured by any delay.

Respectfully yours,
Harold W. Wells

May 18, 1961

The Honorable, the Board of Aldermen
City of Somerville,
Massachusetts

Gentlemen:

I respectfully request the approval of your Honorable Board of the attached order*

As you know, there is a considerable amount of past due real estate taxes—In excess of Five Hundred Thousand (y\$00.£00.00) Dollars. Full payment prior to March 31, 1961 would have given the city a substantial amount of free cash which could have been used to decrease the tax rate for 1961.

Approval of this order by your Honorable Board would give the city the opportunity to borrow this money from the Commonwealth and thus allow this asset to benefit the people of Somerville by affecting an approximate Three Dollars and Seventy Cents (&3.70) decrease from the 1961 tax rate,

Respectfully yours,
Harold W. Wells

Re: Tax Titles¹ Status

Dear Mayor Wells,

In accordance with your request for data related to Tax Titles held by the City of Somerville, (toile.ctl=.
bility of same and other pertinent information, I am for-
warding herewith the following facts in my possession:

- 1). As of April 30, 1961 the Tax Title account reflected amounts as per the list submitted to the Board of Alderman of approximately \$ 216,700.
- 2). As of May 26, 1961 we added to this account 1959 Tax Titles of 0 8,800 and 1960 Tax Titles of V 9,600.
- 3). As of June 1, 1961 we added to this account Boston & Maine Railroad Tax titles of i> 321,500.
- ij.). The total Tax Title account as of this date reflects a balance of approximately \$ 586,600.
- 5)* Attached herewith is a letter from the Boston & Maine Railroad Co. as to assurance as to payment within this calendar year, which should be a form of collateral for borrowing on tax titles through the Emergency Finance Board of the Commonwealth of Massachusetts. Other assurances are in my possession in the form of expiration dates on Tax Titles whose foreclosure of rights of redemption were extended until December 31* 1961 when a partial payment was received during our recent drive on these accounts.
- 6). In reviewing these accounts and the collecti-
bility of same, I am of the opinion that the
City of Somerville will collect a sufficient
amount to warrant re-payment as required on
an amount as approved by the State Finance
Board, and within the authorized borrowing
limit of ^500,000.00.

I trust that the foregoing information will satisfy your requirements. If any additional information is required by you or the Board of Aldermen, I will be more than happy to submit same from my files upon request. Details as to the added tax titles recently added may be obtained from the publications or the takings recorded at the Registry of Deeds.

Respectfully submitted,

Veto

101392

October 13, 1961

The Board of Aldermen
City of Somerville,
Massachusetts

Gentlemen:

I have vetoed board order #101359 for the
reason that the ordinance would penalize all city
workers who have been employed by the city for leaa
than five years. The ordinance would allow only one
week vacation for those employees.

It is my intention that all city employees
retain all the benefits which they presently have and
that all employees who have worked for the city in
excess of ten years shall be granted four weeks
vacation per year,

A recommendation to that effect will
follow from my office,

Respectfully yours,

Honorable Board of Aldermen,

Gentlemen:

We were shocked to receive your order requesting the Authority to appear to "explain" a non-existent "shortage of funds".

As there is not, and has not been any suggestion that funds were short, we think that as a public body in this community, you owed us the courtesy of reading the Auditor's report, or checking, before making such a false and misleading order.

The State Auditor's report is a thirty-two page document which is available for your inspection, or if you desire, copies may be obtained from them. The gist of their comment, is that they would prefer to have us spell out precisely what these funds are being reserved for. They are, and have been approved by the State Housing Board, for General Rehabilitation work. The request is for a breakdown.

We would be very pleased to meet with your Honorable Board, if it were to be to our mutual advantage, but whereas your order covers a situation which does not exist, we do not believe this to be such an instance*.

Very truly yours,

November 8, 1961

The Honorable Mayor Harold W. Wells and
The Honorable, the Somerville Board of Aldermen

Gentlemen:

The Somerville Planning. Board, having duly. considered the proposed modifications to the Linwood-Joy Redevelopment Plan, submitted by the Housing Authority in connection with the Boston Edison Company proposals, at public hearing on Wednesday, October 18', 1961, here ~ with submits its advisory opinion concerning the modifier cations in the Linwood-Joy Land Assembly and Redevelop- ment Plan*

In rejecting Exhibit I, "Modification of Restrictions" submitted by the Edison Company, the

Planning Board is willing to recommend that the minimum floor area ratio standard be reduced from 40% to 30%. To remove the restriction on minimum building size, altogether, or to further reduce it, would, the Board feels, result in a type of construction completely at variance with the original plan for the area. Edison Company has since the public hearing emphasized that they would not consider less than a reduction to a minimum of 10%. This Board does not recommend this further reduction of this important planning standard,

In respect to the use of the land, the Planning Board further submits that the considerations which influenced original planning and policy decisions for the Redevelopment area proposed to permit any type of non-nuisance, non-residential use. These uses are adequately spelled out in the Basic Planning Standards. The Board recognizes that the 1960 Zoning Ordinance proposes further restrictions on open lot storage and feels that these should be recognized in connection with this phase of the Edison operation.

This Board does not mean to discourage proposals for a proper development of the Lincoln Joy area, but feels that too drastic adjustment of standards would adversely affect the future development of the city, and would not conform to the general plan for the city, as a whole.

RE/
1-3-5-7 Osgood Street
Somerville, Mass.

November 3, 1961

Mr. William J. Donovan
City Clerk
City Hall
Somerville, Mass.

Dear Sir:

The following action has been taken by the
Building Division of the Public Works Department on
property located at 1-3-5-7 Osgood Street, Somerville,
Massachusetts that has been declared a nuisance and
hazard to life and limb for the following reasons:
been open and accessible to unauthorized persons, a
fire hazard and dangerous to public welfare and
safety:*

- 1 - Tenants on second and third floors of No. 1 and No. 3 Osgood Street were given notice to vacate said property. The tenants have moved out and the building is now vacant,
- 2 - The City Solicitor has been requested to check records on said property to determine the actual owners of property at this time.
- 3 - The property has been viewed by the City Engineer, Deputy Chief of the Somerville Fire Department, Superintendent of Buildings, Chief Inspector of the Board of Health, a disinterested citizen appointed by the Superintendent of Buildings, and the writer, as required by law. All of the foregoing have conceived that the structure is a hazard and should be demolished or made safe. The structure in its present state is unsightly, unfit for habitation and a hazard to the public safety,
- Ij. - The known owners, or persons that we understand are concerned with above property have been notified by certified letters as to the unfit for habitation, hazardous, and open and accessible conditions of said building. The owners were notified to make this structure safe or to demolish same. To date there has been no compliance with this order.
- 5 - This property has been boarded up by the Building Division of the Public Works Department, City of Somerville, in the past and has been re-boarded on several occasions since. Building Division men recently re-boarded sections of boarded areas, removed by persons unknown, at 5-7 Osgood Street.
- 6 - On November 10, 1961 the Building Division notified the City Solicitor, Treasurers and Assessors* to place a lien upon the land and property for the recent costs and charges incurred by the City Department of Public Works, Building Division to re-board sections of structure, in accordance with Massachusetts General Laws, Chapter 11J.3 Sections 8 and 9 as amended,
- 7 - First and Second Notices have recently been sent to owners notifying them to comply with provisions of Sections 8 and 9 of Chapter 11J.3 of the General Laws of the Commonwealth of Massachusetts as amended, and Section 20I., paragraph (d) of the Somerville Building Code. To date, owners of property have not complied with the provisions of the aforesaid statute. No attempt has been made by known owners to make structure safe or to remove same.

This Department shall continue to take all necessary steps within its jurisdiction to remedy hazardous conditions or remove said structure.

.COMMUNICATIONS FROM CITY OFFICERS

Received the following,

City of Somerville, Massachusetts
Law Department

101798

December 11, 1961

Honorable Board of Aldermen
Somerville, Massachusetts

Gentlemen:

I am in receipt of an ambiguous order from
your Honorable Board requesting my office to issue an
immediate ruling "as to the status of the five
police officers assigned to duty at City Hall, should
not be paid for the ten (10) paid holidays granted all
the police."

If I may interpret this request for a
ruling concerning the above to mean whether or not
the five police officers should be granted holiday
pay, I would still be unable to issue an authoritative
'ruling, since I have not been advised as to whether the
five police officers are and what their assigned
duties are with reference to city hall.

Despite the above opening, since this matter
has become a rather pressing problem, I feel it is my
duty to set forth the law with reference to additional
days off or pay for holidays for police, which reads
in part as follows:

Chapter 347, Sec. 17A, "If any police officer
of a city or town is required to work on January first,
February twenty-second, April nineteenth, May thirtieth,
July, ~~fourth~~ day of September, October twelfth,
November, eleventh, Thanksgiving day or Christmas day, or
the day following when any of the five days first men-
tioned, or October twelfth, November eleventh, or Christ-
mas day, occurs on Sunday he shall be entitled to an addi-
tional day's pay; provided, that, in the case of police
officers who work five or more days a week, and whose
regular day off falls on any of the aforementioned
holidays except when such holiday occurs on Saturday, an
additional day shall be allowed, or payment in lieu of
one day shall be allowed."

Subsequent to the above request of your Honorable Board, I have learned that three of the officers Involved are; Harold Coffey, assigned as investigator in the Welfare Department, Albert Dempsey, assigned to the Public Works Department and John J. Donovan, assigned as Investigator in the City Solicitor's office

With Deference to these three men, it is my opinion that, if the head of the department to which these men are assigned can substantiate to the satisfaction of the Chief of Police of the City of Somerville that the above named officers were required to work within the scope of their duties on days when City Hall is closed to wit: Saturday, Sundays and holidays, they shall be entitled to the benefits under Section 17A either for additional days off or pay for said holidays

If the other police officers whose identities I do not know were similarly engaged, it is my opinion that they shall be entitled to the same benefits.

Respectfully yours,
Vincent R. Bertocci
